Frederick, MD 21701

8/29/01

Dear Jan,

I have a letter from an old friend, Dave Keck, saying that he is sending you a box of our correspondence.

Dave is a retired school teachdr who has gone back to teaching.

He and a friend, also a teacher, Tom Peet, usually come several times a year and always between my wife's birthday, 4/18 and mine, 4/8, to take us out for out birthdays.

Nice guys and we like them.

Several years ago Tom's class did something that may in time be of sociological interest, as I think many of the letters will be. Those kids got the largest card I have seen, all signed it, they got Tom to sign it, and, I understand, they also get the school principal to sign it.

Instead of mailing it, whic would have mangled it, Tom brought it.

Best,

Fred
